

February 2, 10:30 AM to 12:00 PM

The Continuing Evolution Of Telecare

"Design & Deployment Of A Well-Being Monitoring Demonstrator" - Mr. Steve John Brown

"Sensor Development: The Continuing Evolution Of Telecare" - Mr. Paul A Bowman

"Well-Being Monitoring - Concept And Practice" - Dr. Andrew Sixsmith

"Developing A Well-Being Monitoring System - Modeling & Data Analysis Techniques" - Mr. Steve John Brown

Smart Homes - Harborview Room

Building An Infrastructure to Prevent Falls: The Fall Prevention Center of Excellence

"Speaking With One Voice: The Challenge Of A Collective Effort To Prevent Falls" - Dr. Jon Pynoos, Ms. Maria Henke

"Translating Research Into Practice: Building Community-Based Fall Prevention Programs That Work" - Dr. Jon Pynoos, Dr. Debra Rose

"It Takes A Village: Building State-Wide Capacity To Address Falls" - Dr. Jon Pynoos

Injury Prevention - Bayboro Room

Multi-dimensional methodology for housing research: potential and challenges

"Introducing A Four Domain Model Of Perceived Housing In Very Old Age" - Dr. Frank Oswald

"The Housing Enabler - An Instrument For Housing Accessibility Assessment" - Dr. Susanne Iwarsson

"The Usability In My Home Instrument" - Dr. Agneta C G Fange

"Heterogeneity Of Relations Between Housing And Subjective Quality Of Life In Old Age - Challenges For Statistical Methodology" - Dr. Oliver Karl Schilling

Housing, Home Modification & Universal Design - St. Petersburg Ballroom 1

Needs and Barriers to Implementation

"A Study Of Community Participation Barriers And Supports: Examining Methodologies To Increase Voice And Power Within Research With People With Intellectual Disabilities" - Dr. Joy Hammel, Mr. John C Kramer

"Home Modifications Among Persons 50 And Older With Disabilities: How Needs Change Over Time" - Ms. Mary Jo Gibson

"Supporting Siblings In Future Planning" - Mr. John C Kramer

Housing, Home Modification & Universal Design - Skyway/Pier Room

Models for Older Driver Safety

"A Systematic Literature Review And Structural Model For Older Driver Safety: An Evidenced Based Approach" - Dr. Sherrilene Classen

"The Canadian Safe Driving Study- Phase I Pilot: Examining Logistical Barriers To The Full Cohort Study" - Dr. Shawn Marshall, Malcolm Man-Son-Hing

"Extending Safe Mobility For Older Drivers" - Dr. Karlene Ball

"Tools to Enable Safe Mobility Later in Life" - Dr. John W. Eberhard

Transportation - St. Petersburg Ballroom 2

Ethical Considerations Of Telehealth In An Aging Society

"ELDER SURVEILLANCE: Can Grandma Be Independent With Everyone Watching?" - Janice M Blanchard

"Ethical Considerations Of Telehealth In An Aging Society" - Dr. Michael D Cantor

Telehealth - Williams Room

February 2, 1:30 PM to 3:00 PM

Users centered design and European case studies

"User Centered IT-Based Cognitive Support For Prolonged Independent Living" - Mr. Tomas Engstrom, Dr. Staffan Elgelid

"End-User Involvement In Interface Design Of Smart Home Applications: The Nursing Perspective" - Dr. George Demiris

"Smart Homes For Independent Living - A UK Perspective" - Herbert Kim

"Ageing People In Ireland: A Survey Perspective On Technology In The Home" - Dr. Maurice David Mulvenna

Smart Homes - Harborview Room

Falls and the Environment

"Effects Of Age, Practice, And Structural Compliance On Stepping Movements Onto Raised Structures" - Dr. Bing-Shiang Yang

"Factors Associated With Failure To Identify Home Environmental Problems Among Older Adults With Chronic Conditions" - Ms. Vidyalakshmi Sundar, Dr. Machiko Rachel Tomita, Mrs. Kathleen M. Stanton

"Light, Sleep Quality and Falls: Is There A Relationship?" - Dr. Mariana Gross Figueiro, Mr. Mark Rea

"Warning: Bifocals May Increase Your Risk Of Falling" - Dr. Roger O Smith

Injury Prevention - Bayboro Room

International symposium on home modifications policy and practice

"Home Modifications Down Under" - Mrs. Desleigh M De Jonge, Ms. Elizabeth Ainsworth

"Home Modification For Better Living In Old Age In Germany - Still A "Work In Progress"" - Dr. Hans Werner Wahl

"Benefits Of Home Modifications In Sweden" - Dr. Lisbeth B. Lindahl

"Into The Spotlight: Home Modification Policy And Programs In The United States" - Dr. Jon Pynoos

"Adaptations And Remodeled Sheltered Housing For Older People: Some Evidence From The UK" - Dr. Anthea Margaret Tinker

Housing, Home Modification & Universal Design - St. Petersburg Ballroom 1

Driver Enhancement

"Transportation Keynote Matt Rizzo - Driving errors and countermeasures in aging and disabled drivers" -

"Driving With Low Vision: Recent Studies And Future Directions" - Dr. Eli Peli

"Older Drivers Do Not Have A Heightened Crash Risk" - Mr. Jim Langford

"Evaluation Of A New Training Program For Older Drivers" - Dr. Michel Bedard

Transportation - St. Petersburg Ballroom 2

In-Home Robotics

"The Effects Of Robotic Assisted Locomotor Training On Functional Recovery" - Mehdi M Mirbagheri

"Machine Video and Audio Understanding for Monitoring Dementia Behavior" - Dr. Howard D Wactlar

"Steward Robot For Human-Friendly Assistive Home Environment" - Dr. Zeungnam Zenn Bien

Robotics - St. Petersburg Ballroom 3

Robotics Keynote

Robotics - St. Petersburg Ballroom 3

February 2, 3:30 PM to 5:00 PM

Privacy, security and safety issues

"Privacy Management In Smart Homes: Design And Analysis" - Mr. Ryan Babbitt

"Toward A New Authentication Model For Smart Homes Dedicated To Dependent People" - Dr. Abdallah M'Hamed

"An Automated Tool For Detecting And Preventing Unsafe Stair Use By Older Adults" - Dr. Alex Mihailidis

"A Passive Floor-Vibration Based Fall Detector" - Mr. Prabhu Jude Rajendran

Smart Homes - Harborview Room

Falls and Age

"Falls And Mobility In Old Age" - Agneta Ståhl, Monica Berntman

"Evaluation Of Neuromuscular Responses In The Elderly During Task Performance To Determine Fall Susceptibility" - Mr. Ali S Ahmad

"Managing Falls and Fear of Falling - Older Adults' Experiences" - Ms. Sandra J G Hobson

"Service Utilization And Need Post-Fall Injury" - Ms. Sandra J G Hobson

"Technology And Method To Evaluate Neural And Muscular Responses To Unintentional Balance Destabilization In The Elderly" - Bertram N Ezenwa

Injury Prevention - Bayboro Room

International symposium on home modifications policy and practice - Panel

Discussion

"International Symposium On Home Modifications Policy And Practice - Part 2" -

Housing, Home Modification & Universal Design - St. Petersburg Ballroom 1

Driver Assessment

"Effects Of State Licensing Policies On The Decision Of An Older Driver To Reduce Or Stop Driving" - Dr. Elena Koulikov

"The Association Of Clinical And Self-Assessed Visual Status With Driving Behavior Among Older Adults" - Dr. Joann P. Reinhardt

"Keeping Safe Older Drivers Driving - The Canadian Driving Research Initiative for Vehicular Safety In the Elderly (CANDRIVE)" - Ms. Cassandra Crowder, Dr. Malcolm Hing, Dr. Shawn Marshall

"Extremely Limited Elders Have Fewer Crashes: California's Prospective Three-Tier Driving-Centered Assessment System" - Dr. David F Hennessy

Transportation - St. Petersburg Ballroom 2

Telehealth Keynote

"Telehealth Keynote Thelma McClosky" -

Telehealth - St. Petersburg Ballroom 3

Rehabilitation & Mobility Robotics

"Exploring The Potential Use Of Mobile Robotics In A Home Environment For Telehomecare Interventions: A Qualitative Study With Healthcare Professionals And Community Living Elders" - Dr. Patrick Boissy

"Development Of A Autonomous Robotic Wheelchair System For The Motor-Disabled" - Mr. Chong Hui Kim

"The Use Of Mechatronics And Virtual Reality For Rehabilitation Of Grasp And Release Following Stroke" - Mrs. Heidi C Fischer

"Robotics Technologies For Individuals With Disabilities And Their Impact On The Aging Population" - Redwan Alqasemi, Mr. Stephen Sundarrao

Robotics - Skyway/Pier Room

February 3, 8:30 AM to 10:00 AM

Users needs and usage analysis

"A Community Based Integrated Service Model to Support Adults with Physical Disability Living in the United Kingdom" - Mrs. Eileen Thomson

"Effects Of Currently Available Smart Home Technology On Frail Elders" - Dr. Machiko Rachel Tomita, Mrs. Kathleen M. Stanton, Ms. Vidyalakshmi Sundar

Smart Homes - Harborview Room

Falls and Disease

"Falls And Mobility Aid Use Among People Aging With Multiple Sclerosis" - Ms. Eynat Shevil

"How People With Multiple Sclerosis Explain Why They Fall" - Dr. Marcia Finlayson

"Strategies For Managing Post-Stroke Fear Of Falling, A Qualitative Review" - Dr. Arlene A Schmid

"The Main Disability Causes In Georgian Gerontologic Population" - Dr. Nona Kakauridze

Injury Prevention - Bayboro Room

Demonstration Homes

"Building Universal Design Demonstration Homes In Your Community" - Ms. Danise Levine, Dr. Jon Pynoos, Mr. Richard C. Duncan, Mr. Leon Harper

"The Milwaukee Idea Home (MIH) - Accessibility, Affordability, And Environmental Friendliness In A Small Floor Plan" - Dr. Roger O Smith

"Essential And Advanced Design Features For Universal Design In New, Single-Family Housing" - Dr. Sandra C Hartje

Housing, Home Modification & Universal Design - St. Petersburg Ballroom 1

ITNAmerica Learning Cluster: Report From The First Affiliates

"ITNAmerica: A National Non-profit Transportation Service For Seniors" - Ms. Katherine Freund

"Public Issues-Private Sorrows: The Replication & Development Of A Sustainable Solution For Santa Monica Two Years After The Crash." - Ms. Nicole L. Kaplan

"The Orlando Community Responds To Senior Transportation Gaps With The ITN Program" - Ms. Fran Carlin-Rogers

Transportation - Skyway/Pier Room

On Road Evaluation

"An Exploratory Study On The Predictive Elements Of Passing On-the Road Tests For Disabled Persons" - Dr. Shawn Marshall, Malcolm Man-Son-Hing

"Occupational Therapist (OT) Assessment of Functionally Impaired Drivers: Research to Optimize a Standard Set of Route Design Criteria and Driving Maneuvers" - Dr. Marilyn Di Stefano, Dr. Wendy A. Macdonald

"The Impact Of Roadway Intersection Designs On The Driving Performance In An On-the-road Test Of Young And Senior Adults." - Dr. Sherrilene Classen

"Development Of A Behind-the-Wheel Driving Assessment For Older Adults" - Michael D. Justiss

Transportation - St. Petersburg Ballroom 2

Applications of Technology to the Needs of Older People - Mary Hamil Parker, Ph.D., GSA-TAG

"Telerehabilitation As A Mechanism To Reduce Health Care Costs And Enhance Functional Performance" - Ms. Roxanna M. Bendixen

"Automated Behavioral Monitoring As An Integral Part Of The Delivery Of Health Care In The Home" - Dr. David M Kutzik, Anthony P Glascock

"Older Adults And Electronic Personal Health Records For LTC Support" - Dr. Russell E. Morgan

"A Comparison Of Telerehabilitation To Traditional In-Home Rehabilitation" - Jon A Sanford

Telehealth - Williams Room

ADLs and Robotics

"A robot for in-home, automated mobility support for Activities of Daily Living" - Jonathan T Klein

"Robotics Keynote David J. Reinkensmeyer" -

Robotics - Demens Room

February 3, 10:30 AM to 12:00 PM

The Future of Smart Home Technology

"Smart Homes Keynote Sumi Helal & William Mann" - Dr. William C Mann, Dr. Sumi Helal

Smart Homes - St. Petersburg Ballroom 3

Product design

"Older Adults' Perception Of Technology To Promote Safety And Independence" - Ms. Patricia Da Cunha Belchior

"Quality Of Life And Residential Environments For The Elderly" - Dr. Ferdinando Fornara

"User Centered Design - A UK Perspective" - Mr. Dave Stevens

"Kitchen Cabinet Prototypes With Universal Appeal: Responses From Senior Housing Providers" - Dr. Mary H Years

Housing, Home Modification & Universal Design - St. Petersburg Ballroom 1

The provider industry of the future

"The Provider Industry Of The Future" - Mr. Louis S Tenenbaum

Housing, Home Modification & Universal Design - Harborview Room

Panel Discussion: Where is driver assessment heading?

"Panel Discussion: Where is driver assessment heading?" -

Transportation - St. Petersburg Ballroom 2

Home Telehealth & Remote Monitoring

"Attention Care And Monitoring Of Behavior" - Dr. Charles G Willems

"Computer Use As Preparation For Future Health Technologies In Home-Based Older Adults With Chronic Conditions" - Bin-Min Tsai, Dr. Machiko Rachel Tomita, Mrs. Kathleen M. Stanton, Dr. Susan M Nochajski

"Home Telehealth And Care Coordination In Advanced Illness/Palliative Care" - Ms. Jeannie Keene, Mr. Jim Maudlin

"Tele-Home Care In The Rural Environment" - Ms. Sydney L Wertenberger

Telehealth - Williams Room

February 3, 1:30 PM to 3:00 PM

Context awareness and pervasive assistive space

"Representation Of User Contexts In Smart Home Monitoring" - Dr. Maurice David Mulvenna

"Toward A Service Contextual Approach For Dependant User's Environment" - Mr. Feki Mohamed Ali

"A Pervasive Cognitive Assistant For Smart Homes" - Mr. Jerémy Bauchet

"An Answer To Elderly Needs: Integral Health And Social Space Platform" - Mr. Juan-Pablo Lázaro, Pilar Sala, Juan-Carlos Naranjo, Sergio Guillén

Smart Homes - Harborview Room

Injury Prevention Keynote

"Injury in Aging and Disability: Unintentional but not Inevitable" - Dr. Ellen D Sogolow

Injury Prevention - St. Petersburg Ballroom 3

Human factors in design

"Lighting Your Way Into Home Modifications" - Ms. Michala Pitch

"Space Requirements Of Aging Wheeled Mobility Device Users" - Dr. Edward Steinfeld

"Standing Up: A Systematic Review Of Grabrail Orientations" - Ms. Hayley M Seton

"Universal Design In Aging In Place Senior Housing: A Pilot Study Of Resident's Perspectives" - Mr. Duncan J. Park

Housing, Home Modification & Universal Design - St. Petersburg Ballroom 1

Public Transportation Alternatives To Personal Vehicles In Old Age

"Advanced Mobility Services - Good Practices In Gothenburg, Sweden" - Mr. Yngve Westerlund

"Serviceroute Or Flexroute Traffic? - A User Perspective From Sweden" - Gunilla Carlsson

"More Than a Ride to the Doctor" - Ms. Karen Hoesch

"OmniLink - A Successful ITS-Assisted Flex Route Implementation" - Dr. Eric C Bruun, Mr. Eric Marx

"Cluster Analysis As A Tool To Better Understand The User Perspective In Transportation Planning" - Gunilla Carlsson

Transportation - Skyway/Pier Room

Results And Implications Of AOTA's Older Driver Evidence Based Review

"Effective Interventions With Older Drivers: Results Of AOTA's Evidence Based Literature Review" - Elin Schold Davis

"Results Of The AOTA Older Driver Evidence Based Literature Review" - Dr. Wendy B. Stav

"Results And Implications Of AOTA's Older Driver Evidence Based Review" - Dr. Marian Arbesman, Dr. Wendy B. Stav

Transportation - St. Petersburg Ballroom 2

Technology Applications

"Access Technology-Oriented Assessment Of Telemedicine In Small And Medium-Sized Communities" - K. Jo Min

"Feasibility Of Providing Computer-Assisted Stimulating Activities For Cognitively Impaired Elders In Long-Term Care" - Dr. Sunghee H Tak

"From Patsies To Pros: Helping Providers Become Smart Telehealth Technology Shoppers" - Mr. Hal B Freshley

Telehealth - Williams Room

February 3, 3:30 PM to 5:00 PM

Users profile and Behavioral Monitoring

- "Older Adults' Attitudes Towards Smart Home Features" - Dr. George Demiris
- "Agitation Monitoring Of Persons With Dementia Based On Acoustic Sensors, Pressure Sensors And Ultrasound Sensors: A Feasibility Study" - Dr. Jit Biswas
- "Behavioral Monitoring Technology: The Next New Thing" - Dr. David M Kutzik

Smart Homes - Harborview Room

Age and Injury Prevention

- "Impairment Of Muscle Strength And Joint Range Of Motion And Their Impact On The Quality Of Life In Older Adults" - Mr. D J Samuel
- "Falls Free: The National Action Plan To Prevent Falls In The Elderly" - Ms. Bonita Beattie

Injury Prevention - St. Petersburg Ballroom 3

Program models and model programs

- "Creating A Sustainable Home Modification Information Exchange: Presenting The HMMInfo Clearinghouse Project" - Dr. Catherine E Bridge
- "Neighbors Helping Neighbors: A Community-Building Approach to Keeping Older Adults Safe and Independent At Home" - Dr. Nancy Jo Kelley-Gillespie, Ryan Engar
- "There's No Place Like Home" - Ms. Regina A. Mayolo
- "Proactive Strategies For Housing America's Aging Population: A Look At Visitability" - Ms. Jordana Lorinczy Maisel, Dr. Edward Steinfeld

Housing, Home Modification & Universal Design - St. Petersburg Ballroom 1

Applied Research on Transit Options for Older Adults

- "Innovations In Rural Transportation For Seniors" - Ms. Jane Hardin, Dr. Helen K Kerschner
- "Safety As Perceived By Wheelchair-Seated Passengers In Special Transportation Services" - Dr. Anders Wretstrand
- "Transportation Services For Seniors Facing Significant Mobility Challenges" - Mr. Jon E. Burkhardt
- "Statewide Transportation Coordination: Providing Transit Options For All Ages" - Mr. Hal B Freshley

Transportation - Skyway/Pier Room

Occupational Therapist Older Driver Activity

- "P-Drive, Performance Analysis Of Driving Ability After Stroke" - Ms. Ann-Helen M Patomella
- "A Clinical Pathway For Occupational Therapists: Addressing Driving Rehabilitation And Safe Transportation Needs For Seniors" - Dr. Jan A Polgar
- "Contemplating Driving Cessation In A Tertiary Care Clinic" - Dr. Barbara J. Messinger-Rapport
- "Outcomes And Measures Of The Older Driver In Eastern North Carolina: A Retrospective Review" - Dr. Anne Dickerson, Dr. Leonard G. Trujillo, Timothy Reistetter

Transportation - St. Petersburg Ballroom 2

Technology Applications II

- "Preliminary Results For Acceptability Evaluation Of A Heart Failure Monitoring System Based On Wearable And Information Technologies" - Mrs. Elena Villalba, Maria Teresa Arredondo
- "Training Healthcare Professionals (HCPs) To Use Health Information Technology (HIT) - Age Tech Project" - Ms. Subha P Chittamooru, Dr. Michael D Cantor
- "Using Videophones As An Antidote To Isolation Of The Elderly And A Learning Tool For The Young" - Dr. Saul B Troen

Telehealth - Williams Room

February 4, 8:30 AM to 10:00 AM

Gator-Tech Smart House Research and Development

- "Perceptions Of Smart Home Applications By Elders With Vision Impairment" - Mrs. Jessica Lynn Johnson
- "Gator-Tech Smart House Focus Group - Elders With Mobility Impairments" - Dr. Rick Davenport
- "Research And Development At The University Of Florida Gator-Tech Smart House" - Ms. Megan R. Witte
- "Gator-Tech Smart House Presentation: Appliances And Components" - Mr. Hicham M Elzabadani
- "Gator-Tech Smart House Presentation: Smart Services" - Jeff King
- "Gator-Tech Smart House Presentation: Enabling Middleware" - Heni Yang

Smart Homes - Harborview Room

Community Support Systems

- "Adapting Group Homes For Dementia Care" - Dr. Matthew P. Janicki
- "Environmental Support For Aging Caregivers" - Dr. Richard V. Olsen
- "Remodeling Sheltered Housing And Residential Care Homes To Extra Care Housing In The UK" - Dr. Anthea Margaret Tinker

Housing, Home Modification & Universal Design - St. Petersburg Ballroom 1

Planning, Implementation and Evaluation of Transportation Options for Older Adults

- "Evaluation Of Transportation Services" - Dr. Helen K Kerschner, Sandra Rosenbloom, June H Sun, Cheryl M Svensson
- "Non-Emergency Medical Transportation: Examples of Innovative Community Transportation Practices" - Maureen Hensley-Quinn, Ms. Connie A Garber, Mr. William P. McDonald, Charles Dickson

Transportation - Skyway/Pier Room

State Activities to Enhance Safe Mobility and Independence

- "New Jersey Safe Mobility at Any Age Consortium and Policy Forum Series" - Mr. Jon A. Carnegie
- "Florida: Planning NOW For Senior Mobility" - Ms. Selma B Sauls
- "Elderly Mobility Task Force in Michigan" - Mrs. Kimberly A Lariviere
- "Older Californian Traffic Safety Task Force Progress" - Mr. Kent R. Milton

Transportation - St. Petersburg Ballroom 2

Rehab and Independence

- "Using Telerehabilitation Technology To Enhance Client-clinician Interaction" - Mr. David Brennan
- "Development And Validation Of A Fuzzy Logic Based Algorithm For Fall Detection In Community And Institutional Settings" - Dr. Patrick Boissy
- "The CIL Pathfinder For Services And Programs For Older Americans" - Ms. Roxanna M. Bendixen
- "Towards The Universal Access To Information And Assistance Services For Disabled And Elderly People" - Mrs. Maria F Cabrera

Telehealth - Williams Room

February 4, 10:30 AM to 12:00 PM

What Works and What Doesn't

- "Housing, Community Engagement, And Successful Aging" - Ms. Jana Lynott
- "The Impact Of Home Modifications On Community Living & Participation" - Dr. Joy Hammel
- "Environments That Are Healthier, Safer, And More Socially Suitable" - Mr. Dario G. Bracco
- "The Impact Of Home Modification Services On Self-Perceived Ability In Everyday Life For Older Adults With Functional Limitations" - Ms. Ingela Petersson

Housing, Home Modification & Universal Design - St. Petersburg Ballroom 1

Equipment and Facilities for Disabled Transit Users

- "Rehabilitation Engineering And Research Center On Accessible Inter-City Transportation: Passenger Assistance Training, Research And Training Curriculum Development For Air Carrier Personnel Assisting Passengers With Disabilities And Seniors" - Mr. Dean H. Westwood, Mr. Michael McCarthy
- "Transportation For Disabled People In Nepal" - Mr. Kalika Prasad Bhandari
- "Wheelchair Transportation Safety: Using A Wheelchair As A Seat In A Vehicle" - Dr. Mary Ellen Buning
- "Introduction Of The Volunteer Transportation Program Turn-Key Kit" - Mr. Richard Smith, Dr. Helen K Kerschner

Transportation - Skyway/Pier Room

Transportation Policy Issues

- "Law Enforcement and the Older Driver: A Lack Of Policies, Procedures, and Resources" - Dr. Dennis P McCarthy
- "Transportation Results From The White House Conference On Aging" - Ms. Joan Harris
- "The Impact Of Roadway Intersection Design On The Simulated Driving Performance of Young and Senior Adults" - Dr. Orit Shechtman
- "Older American Daily and Long-Distance Travel Patterns" - Dr. Jeffery Memmott
- "Reluctant Regulators: Perspectives of Family Physicians on Monitoring Seniors Driving" - Dr. Judith F Friedland

Transportation - St. Petersburg Ballroom 2

Transportation Technology Demonstrations

- "SafeDrive Medical On-line Learning" - Ms. Patricia G Williams
- "Keep Moving Longer: Features For Safe Driving - DVD" - Ms. Elizabeth Van Ranst
- "AAA Roadwise Review: A Tool To Help Seniors Drive Safely Longer" - Ms. Dannielle Sherrets

Transportation - St. Petersburg Ballroom 3

e-Health

- "Compliance With E-Self Monitoring Among Older Adults With Chronic Conditions" - Dr. Machiko Rachel Tomita, Mrs. Kathleen M. Stanton, Bin-Min Tsai
- "Effects Of E-Health For Health Behavioral Changes Among Patients With Congestive Heart Failure" - Dr. Machiko Rachel Tomita, Bin-Min Tsai
- "Exploratory Study: How Do Alzheimer's Family Caregivers Obtain Online Information Resources?" - Ms. Jiaying Shen
- "The Creation Of A Dynamic Website Designed For Consumers With Special Needs" - Ms. Sharon M Evanich

Telehealth - Williams Room

February 4, 1:30 PM to 3:00 PM

Accessibility, usability, and universal design: Conceptual and methodological Approaches in Person-Environment-Activity Research

"Housing, Home Modification & Universal Design Keynote Dr. Susanne Iwarsson" -

Housing, Home Modification & Universal Design - St. Petersburg Ballroom 3

Taking A National Project On The Road: Hitting The Streets With Local Transportation Solutions For Seniors

"Increasing Skills Training Opportunities For Volunteer Drivers And Caregivers In Florida" - Ms. Gail A. Edwards

"Starting At Square One: Bringing Community Partners Together To Coordinate Transportation For Seniors In Des Moines" - Ms. Tracy Keninger

"Enhancing Rides For Seniors And Training Materials For Hispanic Drivers In Miami" - Mr. James Konschnik

Transportation - Skyway/Pier Room

Pedestrian and other modes

"Pedestrian Safety And The Elderly: Case Studies Of Four Florida Counties" - Dr. Ruth L. Steiner

"The Influence Of Passengers On Older Drivers: The Good And The Bad" - Dr. Michel Bedard

Transportation - St. Petersburg Ballroom 2
